# Outpost Nurseries

RIDGEFIELD, CONNECTICUT

## **Important to Parks and Municipalities**

---

**This is a retail catalogue.** Prices listed do not apply to Parks and Municipalities. **Special prices** will be quoted to **Parks** and **Municipalities** depending on the quantity and variety of plant materials required. Your inquiries will receive prompt attention.

**Outpost Nurseries** grow in **unusually large quantities**, plant materials used by **Parks** and **Municipalities**. Such plant materials are offered at Outpost in **varieties** and **sizes** not generally available.

PRICE LIST

1938

## *General Information*

**PRICES** in this catalogue cancel all previous listings, and are subject to change without notice. Prices include loading on trucks at our nurseries, or are F.O.B. our shipping station, and include packing, except on material dug B&B., and on special bulky pieces, shipped by freight or express, for which material used in packing is charged additional at cost.

**B&B**—Some Plant Materials may be planted successfully with bare roots. Some Plant Materials of certain sizes and varieties require digging with a ball of earth to prevent the roots being disturbed. This ball of earth is securely wrapped and laced in burlap. This is referred to as "balling and burlapping"—B&B. Large and heavy balls are mounted on platforms.

All prices for balling and burlapping are based on what we consider a sufficient ball in proportion to the caliper and/or size of the Tree or Plant.

**DELIVERIES** can be made by truck to almost any point at a moderate cost, depending on the distance and quantity of material. Prompt shipment can be made by freight, carload lots or less, and by express.

**TERMS**—Thirty days net to those whose responsibility is known to us, unless other arrangements are made at time of acceptance of order.

All accounts are payable to Outpost Nurseries, Inc., and not to individuals.

**CLAIMS**—When stock is not delivered by our truck, our responsibility ceases upon delivery of stock in good condition to transportation company. Claims for damage while stock is in transit should be made promptly to the transportation company.

**GUARANTEE**—Except for Roses and Perennials, we guarantee to replace without charge Nursery Grown Plant Material supplied from our Nursery and planted by us, that dies from natural causes within one year after planting, provided this material has received normal care, and provided payments have been made promptly as arranged. This guarantee excludes fatalities from tornado, severe drought, abnormal winter or other conditions over which we have no control.

## DECIDUOUS TREES

EXCEPT in such varieties where heights only are given, Deciduous Trees are measured by their caliper, i.e., the diameter of the trunk six inches above the ground for Trees up to six inches caliper. Trees six inches, or over in caliper are measured one foot above the ground.

Sizes in caliper as catalogued include Trees measuring the smaller size, or between the two sizes given, but do not include Trees measuring the larger size. Example: Tree measuring  $3\frac{1}{4}$  inches rates as 3 to  $3\frac{1}{2}$  inches; Tree measuring  $3\frac{1}{2}$  inches, rates as  $3\frac{1}{2}$  to 4 inches.

Trees not marked "B&B" (Balled and Burlapped) can be moved with bare roots when dormant. Should balling and burlapping be desired on such Trees, an extra charge will be made at the following rates:

2-3 inches caliper—	\$2.50 each
3-4 inches caliper—	4.00 each
4-5 inches caliper—	6.00 each
